Simply Covered

SERVING CALIFORNIA

Dental, Vision and Hearing

Understanding your coverage options helps you make the best choice for your health and your budget.

Original Medicare

Original Medicare (Parts A and B) generally does not cover routine dental, vision, or hearing care, leaving beneficiaries responsible for the full cost of standard cleanings, eye exams, glasses, and hearing aids.

Medicare Advantage

Medicare Advantage plans often cover dental, vision, and hearing care, but exact benefits vary entirely by the private plan you choose. Most plans include preventive dental (cleanings and exams), routine eye exams with allowances for glasses, and routine hearing exams with partial coverage for hearing aids.
